- Not at All
- Not Well
- Somewhat
- Well
- Very Well

Interpretation of the Rating Scale

This form is used by a variety of physicians' colleagues, therefore, not all of the following items may be relevant to you. If any of these items are **NOT** relevant to you, mark these "Unable to Assess/Not Applicable".

The following statements describe physician behaviors. Indicate how much you agree with the statements listed using the scale to the right.

The reports prepared by this laboratory physician:

1. Are clear
2. Are concise
3. Are correct
4. Are clinically relevant
5. Are complete
6. Are timely
7. Take into account the clinical information I provide
8. Make appropriate management recommendations
9. Suggest appropriate consultation/additional testing
10. Discuss the limitations of the report/investigation
11. Offer a differential diagnosis, where appropriate

This laboratory physician:

12. Performs and communicates urgent consultations promptly
13. Suggests appropriate laboratory tests
14. Discusses alternatives to test requests that may be of limited clinical usefulness
